www.killi.cz

Dear killifish friends,

we would like to invite you to our annual exhibition which will be held in the glasshouse of the Botanical Garden of Charles University on 24–26 September 2021.

The exhibition will take place on 24 - 26 September 2021 as a standalone event in the spacious exhibition venue of the greenhouse.

We agreed with the management that we have a common interest in the exhibition being held despite possible Covid restrictions and that protective measures will be applied: a limited number of simultaneous visitors; mandatory respirators; spacing between visitors, etc.

There will be spaces among the listeners in the lecture theatre. The auction will take place in a large space with sufficient distance between people.

More information on XVII. CZKA exhibition: The exhibition will take place on 24 - 26 September 2021 as a standalone event in a spacious exhibition venue of the greenhouse of The Botanical Garden of The Charles University in Prague.

We agreed with the management that we have a common interest in the exhibition being held despite possible Covid restrictions, and that protective measures will be applied: a limited number of simultaneous visitors; mandatory respirators; spacing between visitors, etc.

There will be vacancies among the listeners in the lecture room. The auction will take place in a large space with spaces between people.

the venue: Botanical Garden of Charles University ([webpages](#) in Czech)

Address: [Na Slupi 433/16, Praha](#) (in the broader city centre)

Warning: This is not the major and well known *Botanical Garden in Trója* located in the northern parts of the city.

How to get there

Metro B (yellow): station: *Karlovo náměstí* and then:

- on foot about 500 m along the tram rails south (facing the church of Vyšehrad, past the Emauzy monastery)
- one stop by tram to the stop: *Botanická zahrada* (lines 2, 3, 14, 17, 18, 24).
